「刃牙の誕生・設定に」あらすじ&登場人物紹介

Synchronicity, or meaningful coincidences are laws that can either destroy the world or create a new one on a blink of an eye. To go against this law, humans are either to be prepared for the best or the worst.

But what happens when the five most dangerous men in the world that have not been defeated even once. At the same time, they are to challenge the masters of martial arts? It sucks to know that you happee to be the number one champion in the maximum tournament at only seventeen-years-old, raging their lists in your direction.

This is the luck of Hanma Baki, but this time, he is not alone, the former rivals are now powerful friends that will charge against these adversaries, n clash of powers is going to happen very soon, who will be the chosen ones? And how to get rid of those annoying high school bullies?

バキは、世界同時5人が、異口同音に脱獄したのだ!!
た地下闘技場闘ナメント参加者乗りを果たし、バキを置き出していた…。

Hanma Yanjiro: Baki's old man, he can kill you with one finger while reading a magazine, smoking a cigarrette and eating a hot dog at the same time

Shibukawa Ganki: Still fighting at 70 years old. He knows how to make you taste the floor and play with you like a yo-yo with his incredible Judo-ka abilities

The cannon fodder: Yes kids, even in this series you find losers like everywhere else, kinda like those straight guys that like yaoi only to score on chicks

Mysterious shadow: Not even I know who this guy could be, so let's keep him mysterious but if you can't figure it out by now who he is, you are not a baki fan!!!

Orochi Kasumi: Yeah he is so strong, yeah he is so cute, well the ladies have to have a cute boy token once in a while, for the newcomers he is the adopted son of Doppo.

Retsu Saiha The favorite chinese kempo guy is back, and this time is taking a better role, Tekken 5 can't deny they stole the character , damn namco not doing the Baki games
